

## How to Fight Back Against Today's Inflammation Epidemic

**This simple herb could work as well as prescription and OTC drugs for your clients... without dangerous side effects**

Chronic inflammation is a rampant problem affecting the majority of Americans today. According to Harvard, chronic inflammation can injure tissues, joints, and blood vessels and may lead to more serious health conditions.

One reason why your patients or clients may suffer from chronic inflammation is because of a poor diet. Most people today eat a diet high in processed foods. And they're everywhere, so it takes a concentrated effort to avoid them.

Then you add the huge number of toxins your clients are exposed to every day including prescription drugs, environmental toxins and more. And it's no wonder chronic inflammation is skyrocketing... leading to digestive issues, stiff joints, low moods, irritated skin and more.

## Common Nutrient Deficiency in Pets

If your clients' pets have symptoms like lethargy, weight gain, or hair loss, it could be caused by an iodine deficiency. Iodine deficiencies are caused by a lack of natural iodine in most pet diets and can lead to an underactive thyroid.

But now there's a quick and easy solution for your patients' furry friends: Organixx Iodine. Organixx Iodine is one of the only formulas to contain 100% organic, pure nascent liquid iodine. Nascent iodine is the form of iodine most easily used and absorbed for healthy thyroid function, immunity, healthy weight, energy, and metabolism.

cient systems of medicine: Ayurveda and Traditional Chinese Medicine (TCM).

Now modern science is revealing even more of turmeric’s healing powers. Curcumin, the active compound in turmeric credited with its healing powers, is one of the most researched natural healing substances in history with over 9,000 different peer-reviewed scientific studies.

Its unique anti-inflammatory properties have been shown to be as effective as prescription and OTC drugs... without the dangerous side effects. Turmeric has also been proven to support a positive mood, healthy lung function, flexible joints, and a healthy heart.

### The only “Triple Fermented” Turmeric Supplement On The Planet

Turmeric 3D by Organixx is the first ever supplement in a new classification called “fermented botanicals.” This proprietary triple fermentation process is unlike any other manufacturing process being used to create supplements.

Turmeric needs a “delivery system” due to its poor bioavailability. By using the power of fermentation, more nutrients are pulled out of turmeric and as a result, the body is able to absorb more of the curcumin.

Turmeric 3D combines the power of turmeric and its core ingredient curcumin with not only Vitamin D3, but also a powerful herb called Ashwagandha to make the perfect blend of inflammation-fighting ingredients.

Vitamin D3 helps maintain a healthy mood, maintain bone health, promote healthy brain function, lower risk of cardiovascular disease, and a lot more. Ashwagandha belongs to a family of herbs called “adaptogens” that help balance the

body and reduce stress. The patented ashwagandha extract in Turmeric 3D is designed to reduce harmful stress hormones, like cortisol, while increasing the youth promoting hormone, DHEA.

### Complete Absorption for Maximum Healing

Turmeric 3D has been formulated to be fully absorbed and used by the body for maximum health benefits. If your clients are looking for ways to support healthy inflammation levels – simply recommend Turmeric 3D from Organixx.

## The Ultimate All-Natural Remedy for Revitalized Health This Summer

Everyone loves summer and all the fun times it brings. But if your patients struggle with health problems, it can be hard for them to enjoy themselves.

They may struggle with digestive woes, fatigue, skin irritations, allergies and more. But they don't have to settle for feeling under the weather this summer. Because many of these problems are actually caused by something that's reversible: toxic build up in the body.

The truth is that the massive amounts of environmental toxins today are overwhelming our bodies. While our bodies were made to naturally remove toxins and waste, over-exposure to these toxins can lead to a wide variety of health problems.

But now you can help your patients and clients effectively cleanse away this toxic buildup and revitalize their health this summer. Even better, it's as simple as 1-2-3.

### Why "Power Detox" Works Like a 24-Hour Spa for Tired, Overworked Organs

When toxins build up, the body's natural detox systems - the colon, lymphatic system, liver, and kidneys - become tired and overworked. This is how toxins build up and start causing havoc with our health.

That's why Organixx put together the most comprehensive 3-part program available today to safely and easily remove toxins from the body.

It's called **Power Detox**. In only 30 days, Power Detox helps gently get rid of years of toxic buildup and revitalizes the body's detoxing organs. And it's so easy to use too!

### Step 1: Detoxx 1

This formula cleanses the colon and lymphatic system. Just 2 capsules 2 times a day for 15 days supports healthier bowel movements, digestive health, and immunity. Packed with proven healing ingredients like astragalus, holy basil, psyllium, green tea, and more, it can have your patients feeling like teenagers again who can "eat anything".

### Step 2: Detoxx 2

The second step is to cleanse and detoxify the liver and kidneys with Detoxx 2. Simply taking 2 capsules 2 times a day for 15 days helps soothe dry, itchy skin, reduce allergies, and unleash abundant energy in the body. Formulated with potent botanicals like milk thistle, ginger, artichoke leaf, ashwagandha and more, it effectively cleans away years and even decades of toxic build-up and helps the liver and kidneys operate at peak performance.

### Step 3: Magi-Complexx

Finally, the third step fights a little known but widespread problem that could be the reason for your patients' health problems: parasites. Recent statistics reveal that 90% of Americans have at least one form of parasite living in their body. Parasites weaken the immune system, interfere with digestion, and suck away vital energy.

Magi-Complexx contains a combination of three potent herbs: frankincense, myrrh, and turmeric. These herbs have a powerful - yet gentle - antimicrobial effect. Helping stop the growth of these health-robbing microorganisms and eliminating them from the body.
